2nd December, 1942.

On instructions of the Owners - Canadian Pacific
Steamships Ltd., I this day attended at the s.s. "Empress of
Canada" when afloat in Gladstone Dock, Liverpool, and made an
examination of the Starboard Propeller, Rudder and Starboard
Bilge Keel when I found everything in good order and condition
with no apparent damage.

For Messrs. Fred. Denison & Son,
Divers.
