Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

23rd November, 1938.

Dear Sirs,

E.

I duly received Mr. Kruhoffer's letter of the 15th instant with reference to Messrs. Burmeister & Wain's new type of 6-cylinder 2 SCSEA Diesel oil engine, which is now intended for Messrs. Aalborg Vaerft's Yard No.64.

It is noted that this vessel is building to the Society's class, and in this connexion I have to say you should make it quite clear to the Owners' Representative that the Society has not approved the experimental engine in question, having welded bedplate and entablature containing Differdinger sections made from Thomas steel.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
COPENHAGEN.
