The Secretary,  
Lloyd's Register of Shipping,  
London.

Dear Sir,

Reverting to our letter of the 3rd November, 1937, with which was submitted for approval the crank shaft for a new type of 6-cyl. 2 SCSA Diesel oil engine to be constructed by Messrs. Burmeister & Wain, we have to inform you that we have now received an application - a copy of which is enclosed - for approval of the welded entablature for this engine, together with two duplicate plans showing general arrangement and details of the construction.

The plans are forwarded under separate cover.

I am, Dear Sir,

Yours faithfully,
