Dear Sirs,

S.S. "Llandilo"

We have under consideration the question of installing a 25 ton Derrick on the Foremast. The Derrick will be stepped on Deck.

We enclose in triplicate Plan No. 9757, showing proposed doubling of the Mast, and would be glad to have your approval.

Meantime, we are looking into the question of Stiffening under the Derrick keel.

Your early reply will be appreciated.

Yours faithfully,
For HARLAND AND WOLFF, LIMITED.
