30th March, 1938.

Dear Sirs,

H. I have to acquaint you that in August last the Newcastle Surveyors recommended that the cone of the thrust shaft of the steamer "THODE FAGELUND" should be examined at the first opportunity.

In reply to enquiry I am informed by the Owners that this vessel is due at your port about the middle of next month when this matter will receive attention.

I shall therefore be glad if you will be guided accordingly.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
O S L O .
