

CAPT. K. MARTINSEN

WILH. WILHELMSEN

15 Moore St.,

New York, N.Y.

February 17, 1938.

Lloyd's Register of Shipping,  
New York City.

Gentlemen:

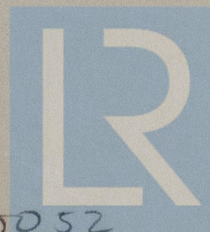

S/S "THODE FAGELUND"

We have duly received your letter of 9th instant.  
inquiring about the survey of the cone coupling between  
the turbine and the shaft of this vessel.

"THODE FAGELUND" has now been fixed for a cargo  
from River Plate to Europe, and we have suggested to our  
head office to have the survey attended to in Europe if it  
is possible for them to do so. If it is not being done in  
Europe, then we shall attend to it when the vessel returns  
here, which will be sometime in April.

Yours very truly,

/s/ K. MARTINSEN.
