

WOKINGHAM COPY.

S

23rd October, 1942.

Dear Sirs,

Reverting to my letter of the 3rd July last respecting the steamer "ANTIGONE", I beg to acquaint you that the Committee have today had before them a report of survey held on this vessel last month by the Society's Surveyors at Grimsby.

They report that a tween deck bulkhead has been fitted between Nos.1 and 2 holds and satisfactorily hose tested, and also that the General Examination referred to in the above mentioned communication has been completed by the satisfactory megger testing of the electrical equipment.

The Committee have accordingly confirmed the assignment of the record of "Examined 1,42." without special condition as regards this item.

I am, Dear Sirs,
Yours faithfully,

Clerk to the
Classification Committee.
