## Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

21st., October, 1918.

Dear Sirs,

I am duly in receipt of Mr. Gilmour's letter and enclosure of the 18th. instant respecting the record of the s.s. "WAR OSTRICH", No. 538 in the Register Book and regret to find that owing to an inadvertence the name of the Engineers has been "posted" as D. Rowan & Co. instead of Blair & Co., Ltd. Stockton, and have to acquaint you that the necessary alteration is being made in the Register Book this week and will appear in an early Supplement.

I shall be obliged if you will kindly inform Messrs. Blair accordingly. The area of the grate surface it is observed requires amendment and this also is being done. Please ascertain and let me know if the heating surface is correctly entered as 6912.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,  
MIDDLESBROUGH.
