Dear Sirs,

In Supplement No.4 dated September 21st 1918 we see that in the list of fresh entries in Register Book you include the s.s. "War Ostrich" but the Engines are described as by David Rowan & Co., Glasgow. Please note that these Engines and Boilers were built and installed complete by us.

There also appears to be an error in the Grate Surface.

Will you please have this entry corrected.

Yours faithfully,

FOR BLAIR & CO., LIMITED,

Bro W. H. Ashby
SECRETARY.
