Survey Due Screwshaft Survey due 3,40.

In June last the Committee agreed to the above survey being postponed pending the vessel's return to this Country. At the beginning of October the Owners stated that the vessel was trading to the Middle East, and it was difficult to obtain a drydock. In the circumstances the Committee agreed to a further postponement of the Screwshaft Survey.

The Owners now write that every endeavour is being made to drydock the vessel and carry out the Screwshaft and Boiler Surveys in May next.

Submitted action be deferred.
