Sir,

Further to our letter of the 23rd instant, and in reply to yours of the same date, anent the case of the steamer "LORD STRATHCONA". We have to state we are now definitely informed by the Owners Representative, that it is their intention to class vessel in the British Corporation, who will issue an interim certificate to take the vessel to Canada, light ship, and make one voyage from Sydney Cape Breton to Montreal with coal cargo.

We understand no repairs are to be effected to hull before vessel sails.

The Boiler Survey is being held and the screw shaft drawn for examination.

We are, Sir,

Yours faithfully,

The Surveyors,
