

S.S. "EMPIRE BUFFALO" - ex "EGLANTINE".

Swansea Report 22572.

The scantlings of the boiler<sup>6</sup>, as shown on the plan, are satisfactory for the proposed working pressure of 210 lb. per sq. in.

*W.S.P.* *J.W.B.*  
27.11.40.

Note: The plan<sup>7</sup> should be returned to the Swansea Surveyors.
