

s.s. "ALABAMA"

A letter has been received from Messrs. Matthews, Wrightson & Co. the Owners' Agents in London, requesting to know if replies have yet been received from the Society's Surveyors at New York and Philadelphia regarding this case, and if a communication has been addressed direct from this Office to the Owners, and, if so, if they might be furnished with a copy of such communication.

It is a matter for consideration whether the Writers might be furnished with a copy of the letter of 3rd instant addressed to the Owners.
