GENOVA, 11th January 1932  
VICO DEMARINI, 13

To the Secretary of "LLOYD'S REGISTER OF SHIPPING"

L O N D O N

Dear Sirs,

s/s "ALABAMA"

We have duly received your esteemed favour of  
the 5th inst. contents duly noted . -

When the writer had the pleasure of discussing  
this matter with you , your Dr. Montgomery said the maximum  
damage should be expected in the place where the waviness <sup>was</sup> first  
discovered at New York. -

The writer pointed out to you that this did not  
occur as contrary to what expected , the maximum waviness  
discovered in Genoa was near the mast whilst obviously the  
greater waviness should have been in the position identified  
by your New York Surveyors . -

Your statement in regard to the Writer's informa-  
tion given you , is therefore incorrect which kindly note . -

Please refer to the plan submitted to you by

"PETROLEUM,,

SOCIETÀ ANONIMA DI NAVIGAZIONE

used, also to the more exact datas which are in possession  
of your Genoa Office . -

Meantime we shall be glad if you will kindly  
reply to the various questions put before you in our letter  
of the 4th December , as so far you have only replied to one  
or two of the above questions .-

Thanking you in anticipation, we beg to remain,  
Dear Sirs,

Yours faithfully,

"PETROLEUM,,  
S. A. DI NAVIGAZIONE
