24th December, 1931.

Dear Sirs,

D.

Reverting to my letter of the 22nd instant regarding the case of your steamer "ALABAMA", I have to inform you that I am in receipt of a further cablegram from the Society's Office at New York, from which it appears that Mr. Geo. E. Silleman, who joined in the survey of this vessel with the Society's Surveyors, was appointed by your Agents, Messrs. Simpson Spence & Young.

You will therefore see that your interests were well protected, and that the conclusions arrived at by the Society's Surveyors, Messrs. Buchanan and Richardson, were concurred in by the Surveyor specially appointed by your Agents.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

Messrs. "PETROLEUM", S.A. di Navigazione,  
Vico Demarini 13,
