THE SURVEYORS.

Dear Sir,

With reference to the penultimate paragraph of your letter "E" of the 14th inst. regarding the proposal of Messrs. Imprese Marittime e Industriali, Genoa, to fit to the Main Boilers of the s.s. "ALABAMA", an arrangement whereby the exhaust gases are passed round the shells, we have to acquaint you that for the larger mountings on the Boiler Tops there are already stand pipes existing, and the Patentees do not propose to alter these, but to insulate them in such manner that the attachments to the Boiler Shells will always be accessible.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS TO LLOYD'S REGISTER
