Lloyd's Register of Shipping.

Port OF LIVERPOOL

6th September, 1937

This is to Certify that *I have*

Surveyed the Boiler and ^{part} Machinery of the M.V. "ACCRA", 9337 tons
gross register of Liverpool

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have
Recommended that the record of L.M.C. CS (with date)

be made in the Register Book in the case of this vessel when the survey has been completed.

Parts now examined:—

Starboard No.2 main engine cylinder, piston, liner, crosshead and crank pin.
Starboard No.3 main engine cylinder, piston and liner.
No.1 Auxiliary engine (port) compressor over all parts, also blast bottle for same, internally.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
