

# Lloyd's Register of Shipping,

18, Burlington Road,

Ipswich, 2nd February 1928.

Dear Mr. Boots,

I return herewith the report on the machinery of the M.V. "Ability" duly signed.

As to when the machinery will be tried under working conditions, this will have to be obtained from the Owner. I was not advised either by the shipbuilders or engineers regarding the preliminary trial they had, & the Owner took the vessel away from Yarmouth to load near Hull, & I am given to understand that a trial will be run on the Thames.

With kind regards,

Yours faithfully,  
A.E. Palmer.

F.D. Boots. Esq.  
London.
