Sir

In reply to recent Clipping  
Letters - (1<sup>st</sup>) The S.S. "Malin Head"  
They to state that owing to the good  
Condition of this vessels plating it  
was not deemed necessary to drill test  
holes 2<sup>nd</sup> "Bay Fisher"

The Frames as fitted throughout the  
the hold of this vessel, are of the approved  
& increased size (as on first line in the  
First Entry Report) to compensate for the  
recessed frames which have been omitted  
in that part of the vessel - I may add that  
the approved Mid Section is now a little  
misleading showing Cargo Battens - &c  
There are also omitted in the Hold

Please include the "Keelboard Certificate" when  
forwarding the others I am Sir
