Guard Book Page 9

3rd April 1918

Dear Sirs,

E.

I duly received Mr. Ritson's letter of the 23rd ultimo, respecting the Diesel engine proposed to be fitted in the iron ship "BLANCHE", and with regard thereto I have to inform you that this matter has been most carefully considered but that, in view of the small diameter of the crankshaft, the Committee's decision, as stated in my letter of the 28th February last, must be adhered to.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

GENOA.
