

# Lloyd's Register of Shipping,

97 & 98, Scottish Provident Buildings,  
Donegall Square West,

Belfast, 26th November, 1930.

The Secretary,  
LONDON.

Dear Sir,

In reply to your letter of the 25th instant, the approved plan of the Donkey Boiler of the M.V. "FOYLEBANK" Belfast First Entry Report No.10,509 is forwarded herewith.

With reference to the electric light report I have to state that the machinery space is lighted from two boxes either of which supplies light to all the platforms and tunnel. The word "yes" was inadvertently omitted from the report.

I am, Dear Sir,

Yours faithfully,

*R. Lee Amess*

It is concluded the thickness of the margin plate is as approved in

Lloyd's Register of Shipping  
97 & 98, Scottish Provident Buildings  
Dunsgall Square West,  
Belfast, 26th November, 1930.

LLOYD'S REGISTER  
LONDON

The Secretary,  
LONDON.

Referred to the Chief Engineer Surveyor.

Dear Sir,  
In reply to your letter of the 25th instant, the  
approved plan of the Donkey Boiler of the M.V. "FOYBARK"  
Belfast First Entry Report No. 10,509 is forwarded herewith.  
With reference to the electric light report I have  
to state that the machinery space is lighted from two boxes  
either of which supplies light to all the platforms and  
trunks. The word "yes" was inadvertently omitted from the  
report.

I am, Dear Sir,  
Yours faithfully,

27 NOV 1930
