Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME

Steel Sc. "CLAN MACFARLANE".

Rpt.

Ham.

No. 18761

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/22).

Nature of Survey

The class is subject to the cross bunker being tested before being used for oil fuel.

The Hamburg Surveyors now report the vessel placed in dry dock, bottom cleaned and coated and minor repairs effected.

Alterations have been carried out in way of the tunnel recess, etc. in connection with the fitting of an exhaust steam turbine.

It is submitted the vessel appears worthy to remain as classed with record of survey 6,29, subject as above.
