# Lloyd's Register of Shipping.

Port LONDON,

27th August, 1940

**RETAIN**

This is to Certify that I have  
part  
Surveyed the Boiler and Machinery of the steel motor vessel "ARABY"  
4936 tons gross of Liverpool,

and that I have transmitted to the Committee of Lloyd's  
Register of Shipping, London, a Report stating that all  
recommendations made by me in connection therewith have  
been carried out to my satisfaction, and that I have  
Recommended that the record of LMC OS (with date)

be made in the Register Book in the case of this vessel when  
the survey has been completed.

Parts now examined: Nos. 3 & 6 cylinders and liners, covers and  
valves, pistons and rods, crosshead pins and brasses, crankpins and  
brasses.

Port after generator engine and compressor in its entirety.  
Port after generator engine starting air and blast bottles  
internally and externally, and independent piston cooling water  
pump in its entirety.

*J. E. Surpise*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
