PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. *NM DOUGFORD & SONS LTD.* Yard No. *664*  
 Engineers: Messrs. Engine No.  
 Owners: Messrs.

It is submitted that the plan of  
 Pumping Arrangement *IN THE MACHINERY SPACE.*  
 merits approval, provided the arrangements be as  
 shown and amended on the plan and the remaining  
 requirements of Sections 20 and 34 of the Rules (1939-40)  
 be complied with so far as they are applicable.

*It is noted from the Plan that the Fresh Water cooling outlets  
 from the compressors, discharge into an observation funnel which  
 is connected to the double bottom tanks. It is recommended that  
 sight glasses should be employed instead of an open funnel  
 for this purpose.*

Return 2 plan. 5
