

"IRENE MARIA"

8 JAN 1941

The greater part of the requirements of the 2nd S.S. No. 1, due 1.40, were carried out in October last at Southampton.

The principal items remaining to be dealt with are the hatchways, decks and steering gear, and it is considered that it would be to the Owners' ^{& general National} advantage to complete the few items which remain and thus eliminate any necessity for periodical General Examinations.

The Certificate of Classification to be endorsed "Cargo battens not fitted" and the same notation to be printed in the Register Book.
