RETAIN

Enclosure.

15th March, 1938.

Dear Sirs,

S. With reference to your report No. 24515 on the steamer "IRENE MARIA", I think it well to forward herewith, for your information, a copy of a letter which has today been addressed to the Owner, from which it will be seen that as a result of the investigation which has been made of the sample of cracked plating forwarded by the Rotterdam Surveyors, it would appear that the defects were due to caustic embrittlement.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
ANTWERP.
