Dear Sir:-

s.s. "GRAIGWEN" - This vessel is due at Antwerp to discharge about 6200 tons of cargo about the 4th January and on completion of discharge we have arranged to drydock her with the Mercantile Marine Engineering & Graving Docks Co. Antwerp for painting.

We wish to take this opportunity of remeasuring the vessel in accordance with the new Load-Line Regulations and we shall be glad if you will please make arrangements with your Surveyor accordingly. Meantime it is not our intention to remeasure the vessel for timber cargoes.

Yours faithfully,

for IDWAL WILLIAMS & COMPANY.-

I. Williams
