Lloyd's Register of Shipping.

Port Vancouver, B.C.,

January 12th, 1941.

This is to Certify *that I have*

Surveyed the ~~Boiler and~~ Machinery of the M.V. "HYLTON" 5197

tons gross of Newcastle on dry dock, for part Continuous

Survey,

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

Recommended *that the record of* L.M.C. (C.S.) *with date*

be made in the Register Book in the case of this vessel when

the survey has been completed.

Parts now examined:—

Propeller and fastenings.

Sea connections and fastenings.

R. H. Boomer.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances ever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any publication in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
