ENCLOSURE.

18th March, 1920.

Dear Sir,

I have to send herewith for the information and guidance of the Surveyors in completing the survey, the Manchester first entry report No.4536 on the Engines No.71 constructed at that port by Messrs. The Manchester Dry Docks Co., Ltd., for their coasting vessel s.s. "DEVERON" building at Ellesmere Port, and shall be glad if you will kindly see that the case receives the necessary attention.

I think it well to also enclose a copy of a letter I have to-day addressed to the Society's Surveyors at Manchester respecting the fees chargeable for the survey of the machinery of this vessel, from which you will see that the proportion of the total fee to be collected for the survey during installation on board will in this case be £2:5:0, and I shall therefore be glad if you will be good enough to be guided accordingly.

I am, Dear Sir,
Yours faithfully,

Assistant to the Secretary.

The Secretary,

LIVERPOOL.

The Surveyors,

MANCHESTER.
