---

Plan of profile and deck submitted, in triplicate,  
together with an additional copy of midship section by the  
Sunderland Surveyors.

A preliminary plan of midship section, approving  
the scantlings of the double bottom, framing, bottom and side  
shell was approved on the 13th instant, the remaining items being  
left until the profile and deck plan was submitted.

It is submitted that provided

compliance

the vessels will be eligible to be classed 100A1 with a freeboard  
corresponding to a draught not exceeding that contemplated by the  
Rules for a complete superstructure vessel having a tonnage  
opening.

*The plan of midship section has been dealt with also*  
As requested by the Builders' representative over  
the telephone, one copy of the profile and deck plan has been *being*  
*mid-ship plan*  
approved only in respect of the thicknesses of the upper and  
second deck plating, and they should arrange for a further copy  
of this plan to be forwarded for final consideration of the  
remaining items.
