Received from Chief Ship Surveyor.....

VESSEL'S NAME Steel T.S. "TAIROA" Rpt. Nwc No. 90775

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—*Extract from Sub-Committee's Report, 24/5/32.*)

Nature of Survey.....

The Newcastle Surveyors report this vessel placed in dry dock, bottom cleaned and coated.

On account of damage through heavy weather, repairs have been effected in way of the steering gear house.

No.3 hold and tween decks have been insulated and minor alterations carried out, as approved.

It is submitted the vessel appears worthy to remain as classed with record of survey 11,33, as recommended.
