4th May, 1925.

Dear Sirs,

With reference to the classification in this Society's Register Book of the steamer "VENDIA", I have to acquaint you that this vessel's third bower anchor requires to be replaced by one of a weight sufficient to make the collective weight of the three bower anchors 73 cwt. In the circumstances I shall be glad if you will ascertain and let me know what arrangements have been made for this to be done.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,
COPENHAGEN.
