RETAIN

Dear Sir,

With reference to your classing letter of the 12th instant respecting the fees charged in the case of the motor ship "ALEX VAN OPSTAL", we have to inform you that at a visit at Nakskov yesterday Mr. Lydersen informed the Builders as to the error, which had been made when calculating the Special Survey fee of the hull and that an amended account amounting to Kr. 11,658.59 has to-day been rendered.

The necessary correction has been made in the Rough Fee Book, and we should be pleased if the erroneous figure entered in our transcript of that book dated the 7th instant may be corrected to Kr. 7820.40.

The length of the forecastle measured in accordance with Circular No. 1551 is 47.58 feet.

I am, Dear Sir,

Yours faithfully,
