It is submitted the freeboards given on the accompanying form being those required by the Tables merit approval, the same to be marked on the vessel's sides, inserted in the certificate of classification, and recorded in the Register Book.

The surveyors should be requested to report what closing arrangements are provided for No 4 Hatchway on boat deck, if the Hatchway beams in the second deck hatchways are equally spaced, and if they are correct in reporting the thickness of hatch covers of No 4 hatchway on the second deck as being 75^{mm} thick in view of the fact that on the approved plan of Profile & Decks these are stated to be 86^{mm} thick.

The assignment letter and a copy of the computation and report should be forwarded to the Antwerp Surveyors for discussion with and approval by the Belgian Authorities.

The Copenhagen Surveyors should be advised of the action taken and be requested to forward a copy of their letter regarding the above information to the Antwerp Surveyors for their information.
