71, Fenchurch Street, E.C.

3 ENCLS.

15th January, 1914.

Sir,

I have to acquaint you that from a report received from the Society's Surveyors at Glasgow it appears that the steel non-propelling dredger No. 773 built by Messrs. Lobnitz & Co. is to be shipped in pieces and re-erected at your port.

I shall be glad if you will be so good as to give the case the necessary attention and on completion of the work forward a report on Form 8 for the information of the Committee with a view to the classification of the vessel.

I am to add, however, that before commencing the survey for re-erection and completion of this vessel you should ascertain whether the Karachi Port Trust desire to have the vessel completed under your survey with a view to the assignment of a class in the Register Book, and if they are willing to pay the fee for this survey.

Copies of the approved midship section, first entry report and certificate issued to the Builders are enclosed herewith for your guidance in dealing with the case.
