3rd October, 1935.

Dear Sirs,

H.

Reverting to my letter of the 13th and yours of the 19th ultimo respecting the steamer "MONTAUK", I may say I am now in receipt of a communication from the Trieste Surveyors from which it would appear that this vessel will not proceed to their port as was anticipated but will remain at Genoa.

In the circumstances I shall be glad to be advised of any fresh developments in connection with this case.

I am, Dear Sirs,

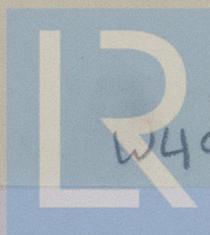

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,

GENOA.
