WS13-0060

24th October, 1933.

Dear Cyril,

We are in receipt of your form C.11(b) for the Spanish steamer "CABO SANTO TOME", and I notice that you have not filled in the endorsement ^{required to be} placed by you on the freeboard certificate in the space which has been reserved for this purpose.

The instructions issued in the case of Spanish steamers are somewhat vague, but this was done at the request of the Spanish Authorities as they did not wish to alter the form of the certificate. It is necessary, however, that some endorsement should be placed on the certificate and it is suggested that the printed endorsement for renewal survey should be amended to indicate that the certificate remains valid.

I have discussed the case with Mr. Ormiston and perhaps you will take the opportunity to talk it over with him on his return to Genoa.

With kindest regards,

Yours sincerely,

A. Townshend, Esq.,

GENOA.
