14, rue de Fontenelle,

Rouen, 23rd JUNE 1931

Dear Sir

Freeboard, Tanker " NAUSICAA "

I am forwarding herewith a Freeboard Report C II for the above vessel, together with a copy of a letter (Builders Liquidator letter) received from the Owners, re the Coefficient of fineness - (Convention Rule). The Corresponding displacement is not given, and Owners have noted same.

Regarding the Cargo hatchway forward on freeboard deck, the Owners wish me to state that in view of this hatchway being under cover of forecastle deck, they would be glad if the Committee would approve of same without alteration.

A plan is also enclosed, prepared by Chantiers de Normandie, showing proposed alterations in bulwarks to comply with convention requirements.

I might state for your information that this vessel, as also the " MYRIAM ", is laid up on the Seine about ten miles from Rouen.

Please inform me of the amount of fee which should be charged in this case.

I am, Dear Sir,
Yours faithfully,
