71, Fenchurch Street, E.C.  
26th October, 1914.

Dear Sirs,

With reference to your first entry report  
S. No. 14821 on the machinery made by Messrs. Richardsons,  
Westgarth & Co. for the steamer No. 57 by the North of  
Ireland S.B. Co. (S.S. "SAN FRANCISCO"), I have to acquaint  
you that an account was rendered by the Society's Surveyors  
at Belfast to the Engineers for an amount of £12. 2. 0  
travelling expenses in connection with the completion of the  
survey on the machinery. This amount has not yet been  
paid, and as the Builders, who have paid the fees and expenses  
for the hull of the vessel, are pressing for the certificates  
of classification I shall be obliged if you will kindly  
take the matter up with Messrs. Richardsons, Westgarth & Co.  
at once, with a view to the Belfast account being settled.

Kindly telegraph to me as soon as the amount is  
paid.

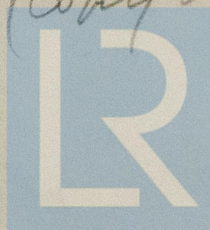

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

WEST HARTLEPOOL.
