

s. s. "HANNAH".

Proposal to fit donkey boiler ex. m.v. "P.C.HOOFT".

Mr. F. C. Uittenbogaart called at this Office today on behalf of the Owners of the s.s. "HANNAH" and stated that they were willing to carry out any amendments necessary to increase the strength of this boiler in order that it might be approved for a working pressure of 100 lb. per sq. inch.

IT IS SUBMITTED the ~~plan of boiler as~~  
*might be accepted*  
~~now amended merits approval~~ for a working pressure of 100 lb. per sq. inch, provided the gusset stays be fitted as shown on the plan and to the entire satisfaction of the Surveyors. If <sup>found</sup> necessary the lower smoke box gusset plates may be bolted to the shell angles.

Forward plan to  
P.O.Box 1205 Rotterdam.  
Advise Amsterdam Surveyors and  
enclose two attached sketches of  
gusset stays for their guidance.
