INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) of Rotterdam.

(Date) 26th February, 1934.

I have to report that I have surveyed the Panamanian steel
hull steamer "HANNAH" of Colon O.N. ✓
on this date.

I have compared the arrangements on board the ship with
those given in the original freeboard report and I have found them to be
in agreement therewith or equivalent thereto, and the whole to be in efficient
condition.

All the requirements of the 2nd special survey No.2 have been
complied with at this time.

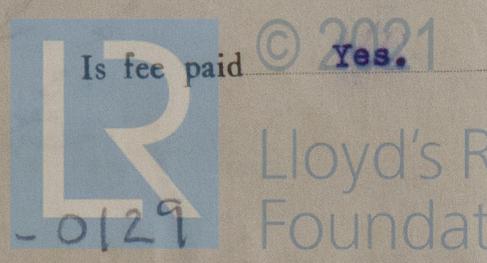

The original report C.11 sent for our guidance is returned herewith.

The freeboard marking has been verified and found to agree
with the freeboards given on certificate No. 3679 dated 18-1-1933.
which is returned herewith.
