Dear Sirs,

S.S. "MANIPUR"

I was duly favoured with your letter of the 5th instant and have to acquaint you that the drum containing one gallon of the water taken from the boilers of the above vessel has now come safely to hand.

Arrangements are being made for a complete analysis of this sample of boiler water to be carried out and I shall again have the pleasure of communicating with your goodselves when the results of this analysis are known.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Secretary.
