11th May 1926.

Dear Sirs,

M With reference to your Representative's call at this Office this morning, when he handed in a plan shewing a cofferdam one space long to be fitted forward of the oil fuel bunker in the S.S. "MIDDLESEX" (the arrangements indicating that this cofferdam space may be filled with water), together with a pumping plan, I have the pleasure to acquaint you that provided the arrangements be carried out as shewn and amended on the plans and to the satisfaction of the Society's Surveyors, they will be approved.

The plans have been handed back to your Representative, copies having been taken for the Society's use.

I am, Dear Sirs,

Yours faithfully,

Secretary.
