

Lloyd's Register of Shipping,

201, Tower Building,

Liverpool,

Reference

*The Secretary
Liverpool*

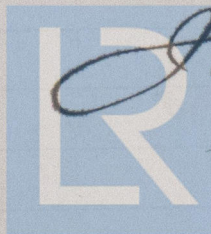

6/10/7

Dear Sir

*The ship Middleton is at present
in the Port undergoing special survey and the
getting out for burning oil fuel. It is stated
that the installation of piping etc was
partly carried out at the time vessel was completed,
and in accordance with plans approved in London
Office. I shall be glad if these plans can
be forwarded here for guidance during
completion of above work.*

Yours faithfully

J. D. Milton
