

Enclosed herewith my Official Report

COPY.

Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

13th July, 1921.

Dear Sirs,

A. Reverting to my letter of the 17th September last, respecting the fee for the survey of the Turbine spindles, wheels and blading made by Messrs. Metropolitan-Vickers Electrical Co., for Messrs. Swan Hunter & Wigham Richardson's No. 1026 vessel, now named the S.S. "MIDDLESEX", I have to inform you that completed first entry reports have now been received from the Society's Surveyors, and the proportion of the fee for the survey of the Turbine spindles which will be credited to your port will be £11:0:0, which you will be good enough to note. (your first entry report No. 4651)

It is understood that the Newcastle Surveyors are including this amount in their account to the Engineers, and you will be duly advised by them when payment is received.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
MANCHESTER.
