28th April, 1921.

S. Dear Sirs.

With reference to the case of the Steamer "EMLYNTON" built by Messrs. J. Chambers Ltd., of Oulton Broad. I have to acquaint you that from reports received at this Office it would appear that the sounding pipes to the bilge wells shewn on the approved pumping plan, were not fitted originally, and I have to point out that in all future similar vessels the approved plans should be adhered to.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secy

The Surveyors,

IPSWICH.
