

COPY FOR LONDON OFFICE.

Lloyd's Register of Shipping.

Port Copenhagen

10th March 1921.

This is to Certify that I have

Surveyed the Steel Sloop "Emlynton" ⁷⁰⁰/₃₄₂ Tons, of Cardiff, while she was afloat at this port and that I found she had been somewhat leaking, port & starboard sides, near the skinger and defender bars in Nos. 1 & 2 holds, also the door to crew space damaged, which is stated to have occurred on voyage

from the Tyne to Copenhagen with a Cargo of Coals, and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and

that I have Recommended that she be reexamined when she arrives at the Tyne, before taking in fresh cargo

being fit to ~~carry~~ proceed from Copenhagen to the Tyne in Ballast.—

Sgd. Jac v. Rosen.

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
