7th October, 1936.

Dear Mr. Warlow,

Reverting to your letter of the 2nd instant, Mr. Douglas has been in this Office every day this week regarding the "GLITRA".

We naturally did our best for him in every way, but the Committee were unable to agree to his suggestion for an extension of, say, six months, principally owing to the fact that the vessel was five months over the year of grace already.

However, I feel sure that he will have pleasant memories of the London Office, and that our good relations with the Firm will not suffer.

The Secretary had a long chat with him yesterday.

With kindest regards,

Yours sincerely,

P. L. Warlow, Esq.,

GLASGOW.
