Mr. W. H. Waddell,

With reference to my telephonic  
conversation with you yesterday in regard to the "GLITRA",  
(of Douglas & Ramsey) tells me that he intends  
to visit London next week and he will call at the London  
office to discuss the question of the survey of this vessel

I have asked him to ask for you  
and you will find him an exceedingly nice man to

With kindest regards,

Yours sincerely,
