

S. S. "GLITRA".

Mr. Warlow telephoned to say that he had received an enquiry from Messrs. Douglas & Ramsey as to the possibility of being able to use this vessel for a period of, say, six months, covering two voyages, before breaking her up. He said they would of course be prepared to submit her to a thorough general examination and Boiler Survey.

I explained that it would be necessary for the case to be submitted to the Committee for their decision, and he stated that the Owners would send in their written application to-night.
